“

“I chose American Honors
because it gives me
opportunities that I can’t
get from other programs.”

Shawn, American Honors student from China

Welcome!

Dreams should never be ignored—especially dreams about your education. When I founded Quad Learning and created the American Honors program (2012) and the American Success program (2016), I envisioned a world where all students could realize their full potential and change the arc of their lives through access to a high-quality university education.

If you want to graduate from a leading US university, then American Honors and American Success can help make that dream come true. Our programs will provide you with the academic and personalized support, and community of top faculty and peers you need to earn your bachelor's degree from a leading US university.

I'm excited for us to be a part of your educational journey.

Phil Bronner
Founder, Quad Learning
American Success & American Honors Programs

About Phil Bronner

Phil's career reflects his lifelong passion for education and its ability to transform students' lives. He is the Founder of Quad Learning. Quad Learning is a passionate, mission-driven organization focused on developing collaborative partnerships with leading US higher education institutions to drive the enrollment of high-achieving students, enhance student outcomes, and develop global citizens.

Prior to co-founding Quad Learning he was a General Partner with Novak Biddle Venture Partners, a venture capital firm with a focus on investments in education. Prior to joining Novak Biddle he served as a management consultant with McKinsey & Co. in New York advising high-tech clients on corporate strategy and worked as a software engineer at IBM.

Phil earned a BS in Computer Science from Carnegie Mellon University; a Juris Doctorate from the University of Pennsylvania's School of Law; and a Master of Business Administration from the Wharton School at the University of Pennsylvania.

Studying in the US

Benefits of studying in the US

Every year, the number of international students in the United States rises as more students choose the US to expand their cultural awareness and continue their education.

*According to the latest Open Doors report, **1.4 million** international students are studying in the United States.*

Source: Open Doors "Fast Facts" (2016).

Find out why so many international students are taking their next educational steps in the US and why they love it.

Academic Excellence

While studying at their community college and post-transfer, students may have opportunities to study and conduct research with leading thinkers in a number of disciplines, including but not limited to, **social sciences, business and Science, Technology, Engineering, and Math (STEM) fields.**

Diverse Educational Opportunities

The United States is home to over four thousand colleges and universities. Some US colleges and universities stress broad educational principles; others emphasize practical, employment-related skills; many specialize in the arts, social sciences, or technical fields.

Cutting-Edge Technology

US higher education institutions have a number of cutting-edge technology resources to help students succeed. Tech-assisted solutions include digital library resources, online learning management systems, and online tuition payment systems. Some institutions also offer access to lab space and research equipment to help students gain valuable hands-on experience.

Leadership and Research Opportunities

While studying at their community college and post-transfer, international students have a number of leadership and research opportunities available to them. Our international students have served as leaders on their Student Council and as Residential Assistants and Peer Mentors. International students may also take advantage of research opportunities available at some community colleges and 4-year institutions.

Major Variety

Most US-based college students will focus a majority of their first two years of coursework on general education courses. General education courses are designed to help students further develop their critical thinking abilities and

Top universities recruit international students from 2-year colleges because of their proven academic performance in college-level courses, English speaking and comprehension skills, and knowledge of how American school systems work.

communications skills as well as their competencies as emerging global leaders. Taking a majority of general education courses along with a few major-related courses during one's two years in community college is a great investment for international students. Indeed, state regulations and most transfer agreements focus on the transfer of general education credits across public and private institutions in the United States.

Campus Life Experience

When international students study in the US, they are making a choice to broaden not only their educational opportunities, but their cultural experience as well. Whether it's college in a small town or a university in the middle of the city, most schools offer a variety of student clubs and organizations to meet students' interests. Joining different organizations and associations enables students to immerse themselves in American culture, meet new people, and make new friends.

Time studying abroad can be enhanced by participating in the social and cultural scene. US campuses offer a rich variety of academic, cultural, and athletic activities meant to enrich one's life.

The international study experience can help develop self-confidence, independence, and cross-cultural skills—all desirable attributes to employers worldwide.

*By spending freshman and sophomore years at a 2-year college, the **price difference and savings** could be enough to pay for a student's junior year of tuition, fees, textbooks, and meals!*

Global Education and Long-Term Career Prospects

Experience in an international setting is a marketable commodity. Many employers seek the wide range of knowledge, adaptability, and experience that international students acquire by studying in the United States. Companies in the US are increasingly seeking to become a strong presence in the global marketplace. They often look to hire employees who not only have language skills, but also those who can help communicate, negotiate, and conduct business across different cultures.

Studying in the US

Job Opportunities

Of the 11.6 million jobs created after America's Great Recession, 8.4 million went to those with at least a bachelor's degree, according to a report from the Center on Education and the Workforce at Georgetown University.

International students have the unique opportunity to work in their field of study in the United States after they graduate with their bachelor's degree. **Students studying in the STEM fields can potentially work for three years after graduating.***

2-year colleges can help students improve English skills, save money, and adapt to US education.

This is why more international students study in the US than in any other country. The US remains the source of many of the world's ground-breaking developments in technology, business, arts, and beyond.

US schools typically offer numerous extra-curricular activities that provide real-world job experience. This could include working for the school library, becoming a teacher's assistant, tutoring other students, and more. The idea is to provide practical experience to build on what is taught in class. This becomes invaluable when interviewing for a job.

Most US institutions have a career services department staffed with professionals focused on helping students with their resume, interview skills, and finding job opportunities, both during and after their studies.

How does transferring work? Why transfer?

When it comes to education, students are encouraged to dream big. The American Honors and American Success programs at select 2-year colleges help prepare students to transfer and succeed at a US university.

The Transfer Process: Start at a 2-Year College, Transfer to a US University

What it is: International students studying at a 2-year college develop and practice the skills necessary to succeed at a US university, while also building a foundation for career success.

How it works: Students attend a community college to earn an associate degree, then transfer to a university to earn their bachelor's degree.

What you get: An associate degree and a bachelor's degree.

Save on Tuition

US 2-year colleges offer international students the ability to pursue their studies in the United States at a lower cost, often with the added bonus of an easier transition to US-style academics. Students can then transfer to a university to complete their bachelor's degree.

General Education: What Is It?

A vast majority of US-based higher education institutions require students to complete general education courses to earn their US bachelor's degree. General education courses are designed to help students further refine their analytical, critical thinking, and communications skills, as well as develop as emerging global leaders. To sharpen their analytical and critical thinking skills, students generally have to take math classes and or philosophy courses. To develop their persuasive communications abilities, students might be required to take English composition courses, and in some cases, foreign language courses. Finally, to help students emerge as effective community and global leaders, many US-based institutions require general education courses in history, sociology, anthropology, political sciences, or international relations.

The Purpose of General Education Courses

Colleges have several reasons for requiring general education courses. Required courses ensure that every college graduate has the same basic set of tools and knowledge. Colleges want students to graduate with strong analytical and writing skills, plus a basic understanding of modern society. General Education courses ensure that chemistry majors can communicate via writing and English majors understand the scientific method. Many students discover a hidden passion for a field of study as a result of taking a Gen Ed course.

Is There Any Flexibility With General Education Courses?

During their time at their community college, students might have different options to fulfill their general education requirements. For example, to fulfill their general requirements, business students might be able to take a business math course, an English writing course as well as an international politics

course, while a history student might be able to take an algebra course along with a writing history course and a history of American civil rights course to fulfill their general education requirements. About 80% of courses in community college will be general education, with the rest focused on specific major-related courses. This is designed so a student can focus most of their community college education on exploring the complex relationships between disciplines before focusing their post-transfer courses on specialized courses in their major of interest.

Can You Transfer General Education Courses?

One big advantage of general education courses is how likely they are to transfer from a 2-year college to a university. Math is math, no matter where it's taught. If students want to switch between schools, they likely won't have to repeat courses at their new university. Many states even mandate that their in-state universities accept Gen Ed course credits completed at an in-state 2-year college.

Many professors, knowing that their course may be the only experience students have in that particular academic field, will do their best to make classes engaging while ensuring students learn. Students might analyze movies, read interesting case studies, or be asked to consider how the class can be applied to their own area of study.

Taking General Education Courses with American Honors and American Success

In the American Honors or American Success programs, students will take general education courses as well as leadership seminars and transfer workshops. These learning opportunities help ensure that students graduate with the academic skills necessary to succeed after transferring to a leading university to complete their bachelor's degree.

Prepare for a US University: Two-year College Programs

American^{Success}

American Success is for international students who want extra advising support and resources to succeed in a US classroom and to become competitive transfer applicants to four-year US universities.

American Success is a two-year college program where students earn an associate degree and work one-on-one with an advisor to transfer to a US university for their junior and senior years to complete a bachelor's degree.

American Success offers High School Completion at Community Colleges of Spokane.

Program Offered at these 2-year Colleges:

Spokane, Washington

Philadelphia, Pennsylvania

Cranford, New Jersey

American Success Key Benefits

Transfer Support

- One-on-one support from an advisor to identify and select a best-fit transfer school
- Assistance with transfer applications, including help writing compelling personal statements
- Development of self-reflection and self-advocacy skills that serve as a foundation for the transfer discovery process
- Access to the 2-year college's transfer network and agreements

Academic Success

- Personalized attention and tools to ensure a smooth transition to and success in a US classroom (i.e. college readiness, online modules, PrepKIT, etc.)
- Skills development for lifelong success (critical thinking, working in teams, etc.)
- High engagement and expectations that foster academic and leadership growth

Robust Student Support

- Dedicated advisor to help students with study skills, goal-setting, and transfer
- One-on-one regular meetings with an advisor
- A team of peers, faculty, and alumni available to encourage, support, and help the student succeed
- Online tools and resources to connect with peers/advisors, stay on-track and organized, and collaborate

Leadership & Professional Development

- Student-run leadership council (AS Council) and ambassador program
- Mentorship opportunities with 2nd year AS students and alumni; Career workshops and squads
- Learning-in-Action projects where students practice leadership skills and explore career options

Engaged Community

- AS-only orientation to welcome new students and connect with current students
- Student-run events such as game nights, movie nights, study groups, volunteering, etc.
- Dedicated space on campus to socialize, study, and connect with peers
- Regular community events to celebrate milestones & student successes

Prepare for a Top US University: Two-year College Programs

AmericanHonors

For international students with strong academic and English skills, American Honors provides a supportive, challenging education experience similar to a traditional university.

American Honors is a two-year college honors program where students earn an associate degree and engage in rigorous leadership and career activities to enhance their chances to transfer to a leading US university for their junior and senior years to complete a bachelor's degree.

American Honors also offers a High School Completion track. Students 16 or 17 years old who are academically strong would apply to the American Honors High School Completion Program, only available at Community Colleges of Spokane (see page 42). To be eligible, applicants must have less than two years remaining to complete their secondary schooling.

Honors Program Offered at these 2-year Colleges:

*American Honors High School Completion available at this location

American Honors Key Benefits

Honors-level Academics

- Honors classes offered by the 2-year college
- Preparation for the rigor of a 4-year university

Transfer Support

- Access to the American Honors Transfer Network with 65+ leading US universities
- Transfer Seminar that focuses on transfer applications
- Successful transfers include Columbia, Cornell University, Stanford, University of Rochester, and more!

Honors Advisor

- One-on-one support tailored to the student
- Help with transfer applications, essays, etc.
- Teach Leadership and Transfer Seminars
- Help students clarify and reach their academic and personal goals

Leadership & Professional Development

- Key first year activities to compete for transfer at leading US schools
- Honors Council, Leadership Seminar, peer mentoring
- Service-learning projects related to academic classes
- Career help, interview preparation, resume workshops

Honors Community

- Honors faculty with advanced degrees
- Full integration with domestic Honors students
- Honors Lounge, student-run activities, study groups

Honors Academics

Challenging academic classes prepare students to succeed at a top US university. What makes an honors class better?

Top Faculty

- Experts in their subject area, many have master's or doctorate degrees
- Committed to engaging students in discussion

Motivated Students

- High-achieving, ambitious students
- Desire to be challenged and develop critical thinking skills
- Committed to transferring to a top US university

Honors Academics

Rigorous Academics

- Explore connections between disciplines through in-depth discussions in general education and major-related courses
- Achieve higher-level learning outcomes
- May include service learning projects to apply classroom learning in real-world settings

Higher Expectations, Deeper Connections

- Help to develop digital literacy and strong research skills
- Global lens and awareness
- Interdisciplinary framework to connect learning across topics

International Student Support Services

Ensuring a Smooth Transition to the US

After being accepted to the American Honors or American Success program, students will have support from a personal Admissions Officer to help with the transition to the US. The Admissions Officer will provide detailed pre-arrival instructions that will guide students through the process of obtaining a US visa, securing housing, and traveling to the US, as well as an overview of what to expect upon arrival.

An Admissions Officer will assist with:

- Visa Process & Steps
- Housing Application & Placement
- Travel Organization & Pick-up Services
- Packing Guidance
- Required Documentation
- College-Specific Placement Tests
- Special Orientation Programming

"Before I started classes, my advisor recommended the best courses for me. It was outstanding, to be honest; everything was simple, easy, and well-planned."

American Success student

Scholarship Opportunities

Scholarships up to **\$4,000 USD!**

are available to students interested in American Honors or American Success.

To be considered for a scholarship, students must submit an essay that answers the question:

"How would a scholarship be particularly beneficial to you in the pursuit of a bachelor's degree from a US university?"

Scholarships are awarded on a first-come, first-served basis and are applicable toward tuition and fees for either the American Success or American Honors program.

Over **\$300,000 USD** has been awarded to American Honors international students!

Student Stories

Meet our Students

While American Success and American Honors students come from diverse backgrounds, they all share a common ambition: to earn their bachelor's degree from a great 4-year institution,

Cecilia

HOME COUNTRY: TAIWAN

**HONORS AT COMMUNITY COLLEGE OF PHILADELPHIA GRADUATE
TEMPLE UNIVERSITY CURRENT STUDENT**

"The Honors program at CCP did help me in so many ways. We had several meetings to know other people in the group, to know some interesting places in Philadelphia, to talk about culture shock in the United States, to have a lot of interesting and helpful topics to help us get used to the culture more. The program also provides some off-campus activities for all the students in the program to work together and to attend some volunteer activities.

To look back on what I've been through in the program with all the friends I met, I think the thing that I will miss the most must be my success coach and all those interesting weekly meetings. All the memories that our group made have been so incredibly unforgettable.

I think this is a really good program that can give anyone a chance to start their dreams. I am glad that I could have the chance to be a part of it and all the experiences have been so priceless."

"Through this year of learning in the Spokane Falls Community College, I had a very wonderful time studying and hanging out with friends. Also, I joined two great clubs which are the International Club and the Service Learning Club, and I went to many volunteer activities and other events and made many friends. When I arrived at Spokane last year, my homestay family came and picked me up. They are very nice people, easy going and are always ready to answer my questions. Sometimes they even invite me to join their family events like snow tubing."

How 2-Year Programs Help Students Transfer

Your Advisor is Key

Students work closely with their advisors to successfully apply, gain admission, and transfer credits to their university. Additionally, American Honors students enjoy unique access to our National Transfer Network, the only one of its kind in the US. Graduates may apply to a combination of in- and out-of-network universities. Some American Honors network participants offer benefits that include but are not limited to, fee waivers, guaranteed course transfer, or contingent acceptance.

Transfer Success The Transfer Process

Jana

TRANSFER SCHOOL
Cornell University

HOME COUNTRY
China

"American Honors provided a lot of transfer support...Without my Honors advisor, I wouldn't have considered applying to Cornell University. My advisor encouraged me to look into it and helped me with the application process. I learned about the great research opportunities for undergraduates in my intended major in human biology."

Pouya

TRANSFER SCHOOL
University of Rochester

HOME COUNTRY
Iran

"My Honors advisor helped me through the transfer process, which can get really confusing, especially for an international student. My advisor helped me every step of the way...American Honors helped me get into a good school and get a full scholarship."

Students get complete support and one-on-one advising sessions to ensure a smooth transfer process. From enrollment through transfer, students get personal guidance on every part of the process: making a degree plan, selecting courses, selecting a school, and applying for financial aid and scholarships. Students are coached through a five-step process to help them transfer.

1. Select classes likely to transfer.

Work with your advisor to select classes, a major, and degree pathway that are both interesting and likely to transfer.

2. Perform well academically and as a leader.

Demonstrate strong performance and growth both academically and outside the classroom. Get involved in a club, sport, or activity that is meaningful to you. Seek out leadership positions. Continue to earn high grades and work closely with your professors. Consider whom you might ask for a letter or recommendation in the fall of your second year.

3. Research schools and apply.

Students have access to the 2-year college's transfer network and benefits. Advisors will help students select schools to apply to both within and outside of the college's network. Additionally, American Honors students enjoy access to the benefits of the national transfer network.

4. Receive admissions decisions and credit evaluation results.

Receive an admissions decision from schools where you applied. Carefully review credit evaluations of the university admissions offices and academic departments.

5. Evaluate offer packages, select a university, and enroll.

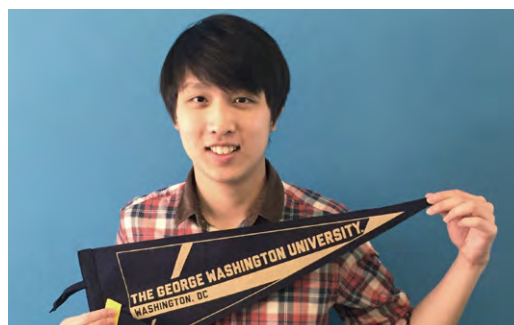

Evaluate options, taking into account financial aid packages and degree audit reports. Search for outside scholarships through Phi Theta Kappa, FastWeb, CollegeFish, and local sites. Accept an offer of admission and arrange housing at your transfer school if necessary. Send final grades/transcripts to your university of choice.

Overview

Community College of Philadelphia

1700 Spring Garden Street
Philadelphia, PA 19130

www.ccp.edu

Community College of Philadelphia has a culturally rich student population with more than 200 international students from more than 50 different countries

The College was recognized by NAESA: Association of International Educators as a model community college in their latest Internationalizing the Campus report

Community College of Philadelphia is the largest public institution of higher education in Philadelphia, the sixth largest in Pennsylvania

You are Here: Welcome to Philadelphia, Pennsylvania!

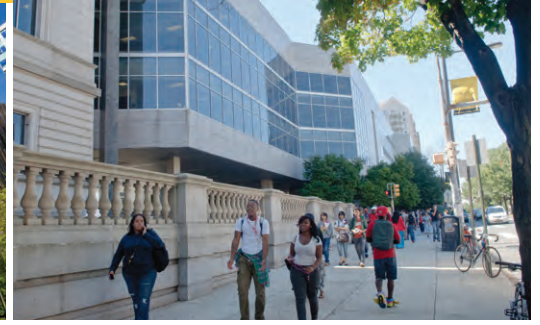

Located in the heart of Philadelphia, Community College of Philadelphia sits in one of the most vibrant urban centers on the East Coast. Founded in 1964, the College acquired the historic Philadelphia Mint building, which is now the centerpiece of the campus.

Philadelphia, also known as the "city of brotherly love", is Pennsylvania's largest city. Its rich history is on display at the Liberty Bell, Valley Forge National Historical Park, and Independence Hall (where the Declaration of Independence and Constitution were signed). Also iconic are the steps of the Philadelphia Museum of Art, immortalized by Sylvester Stallone's run in the film "Rocky." All around town, visitors will find places to try Philadelphia's famous cheesesteaks, an American classic.

With its cultured metropolitan location, Community College of Philadelphia attracts students from a wide range of ages, interests, and backgrounds. In addition to exploring the city's restaurants, museums, and parks, students enjoy a diverse campus life full of clubs, organizations, and athletic activities.

Mission: Community College of Philadelphia is an open-admission, associate-degree-granting institution which provides access to higher education for all. Its programs of study in the liberal arts and sciences, career technologies, and basic academic skills provide a coherent foundation for college transfer, employment, and lifelong learning. The College serves Philadelphia by preparing its students to be informed and concerned citizens, active participants in the cultural life of the city, and enabled to meet the changing needs of business, industry and the professions. To help address

Community College of Philadelphia

broad economic, cultural and political concerns in the city and beyond, the College draws together students from a wide range of ages and backgrounds and seeks to provide the programs and support they need to achieve their goals.

Vision: To serve Philadelphia as a premier learning institution where student success exemplifies the strength of a diverse, urban community college.

Values: Integrity. Academic Excellency. Diversity. Commitment to teaching and learning. Communication. Respect.

Things to Do: Attractions, Arts & Entertainment

Philadelphia is a newly designated World Heritage city and listed as a Lonely Planet Best Place to Visit in 2016. Home to world-renowned cultural centers and research institutions like the University of Pennsylvania, Temple University, and Drexel University, Philadelphia is like an interactive classroom. Explore the birthplace of American democracy by visiting the Liberty Bell, Philadelphia Art Museum, and Fairmount Park. Take a day or weekend trip to New York City or Washington, D.C., both less than 2 hours away by train.

Community College of Philadelphia

Meet the Team

Senior Director—Alyson Krawchuk

Alyson Krawchuk is the Senior Program Director for American Honors and American Success programs, overseeing schools and staff in Pennsylvania, New Jersey, and Texas, where her main focus is empowering her teams to put students first every day to ensure their big dreams become reality. She holds degrees from Western Kentucky University and Penn State University.

Ismail

HOME COUNTRY

Egypt

"In the program, we are all from different countries, which is a good thing. We actually meet people from around the world—China, Indonesia, Vietnam, and other places. We all hang out together most of the time, and during the weekends we go out to the center of Philadelphia for dinner or lunch. Sometimes we meet during the week to talk and help each other with homework. It's like a family—we all help each other, and it's nice."

Honors student

Where to Go: Campus Facilities

Dining Options

Dining services include the Colonial Cafes on Main Campus and the Northwest and Northeast Regional Centers, as well as the Bonnell Coffee Express on the Main Campus. All cafes offer a distinct menu with a broad range of options. Vending machines are located throughout the Main Campus and at each Regional Center.

Art on Campus

The College's public art collection is shown at the Main Campus and displayed in hallways throughout the Mint, Bonnell and West buildings, as well as the Center for Business and Industry.

What to Wear

Philadelphia has four distinct seasons which vary greatly, so it is important to prepare.

Temperatures range from hot in the summer (21–32 degrees Celsius) to 8–4 degrees Celsius in the winter, usually accompanied by snow and ice.

Community College of Philadelphia students and faculty dress casually. A typical and acceptable winter outfit might be a sweater, jeans/pants, boots and a winter/heavy jacket. In the summer when the weather is warm, many students wear shorts, skirts, t-shirts, or dresses to class.

Here are some items that are good to have over the course of the year:

- Rain jacket and/or umbrella
- Heavy winter jacket
- A mix of warm weather and cool weather clothing

Health & Wellness

Community College of Philadelphia offers a number of activities and informational events designed to raise awareness throughout the campus community about health issues, health screenings, and lifestyle choices. In addition, the activities support the mission of the College by assisting students through health-related events that foster healthy lifestyles, attitudes, and behaviors via educational programming and outreach.

Community College of Philadelphia

Safety & Security

Community College of Philadelphia is dedicated to providing students an enriching and safe academic experience. Each year, the College creates and evaluates security measures to ensure the safety of students, faculty, and staff so that everyone feels secure and comfortable on campus.

Getting Around: Transportation Services

Philadelphia's SEPTA (Southeastern Pennsylvania Transportation Authority) makes it easy to get around by bus, train, or trolley. SEPTA offers discounted transit passes to college students through their University Pass program. Take advantage and explore the town or travel beyond city limits.

Activities & Athletics

Join the Club: Clubs & Organizations

Get involved with Community College of Philadelphia's student activities and become part of campus life. Connect with other students and faculty to gain valuable teamwork, leadership, and organizational skills to enrich an academic career.

The International Student Organization makes it easy to connect with American and international students from around the world during field trips, game nights, and community service projects. There are many student leadership opportunities as well, through Student Government Association, Phi Theta Kappa Honor Society, Student Programming Board, Student Ambassadors, The Vanguard student newspaper, and Philadelphia L.E.A.D.S.

Clubs include:

- International Student Organization
- African Culture and Traditions Club
- Asian American Association
- Muslim Student Association
- Muslim Women League
- LASO (Latin American Student Organization)
- Phi Theta Kappa (Beta Epsilon Iota)*
- Ritmo Latino Club
- Haitian Student Organization (Club Creole)
- Alpha Beta Gamma (Business Honor Society)
- Christian Women Alliance
- Women of Many Backgrounds (WOMB)
- Gay Straight Alliance

*Phi Theta Kappa (PTK) is the International Honor Society at two-year colleges.

Community College of Philadelphia

Go Play: Athletics

Community College of Philadelphia wants to help students develop their full potential athletically, physically, and academically. Whether it's for a seasoned or an aspiring athlete, or simply an interest in physical fitness, the College offers a full array of opportunities to integrate a healthier, more active lifestyle with an academic career.

The Athletics Center includes a weight-training room, a cardio room with bikes, treadmills and elliptical machines, and an exercise room designed for aerobics classes and yoga.

Join the Community College of Philadelphia Colonials. Choose from one of many men's and women's athletic teams. Be a part of history in the College's first year of being a member of the nationally recognized National Junior College Athletic Association (NJCAA).

Intercollegiate Teams:

- Men's & Women's Basketball
- Men's & Women's Cross Country
- Men's & Women's Tennis
- Men's & Women's Track & Field
- Women's Volleyball

Make time for fitness and fun. Community College of Philadelphia students, faculty and staff, and alumni are welcome to participate in the following **intramural programs**:

- Volleyball Tournament
- Indoor Soccer League
- Ultimate Frisbee Tournament

International Student Housing and Accommodations

Housing Options

Students can choose from one of our partner-supported housing options: The Hamilton, The Edge, or International House Philadelphia.

The Hamilton

The Hamilton—the brand new apartment complex on CCP's campus—is centrally located and comes fully furnished. The Hamilton provides modern, centrally located housing options for students at an affordable price. Students living at The Hamilton are able to walk to the heart of campus in just a few minutes! Apartments are available in both one bedroom and two bedroom layouts. Lease terms are flexible.

Cost Per Student Per Month (\$USD)**	
One Bedroom (Double—2 people total)	Two Bedroom (Quad—4 people total)
\$1,156	\$735

**\$500 deposit is due at the time of lease signing.

Approximately 300 apartments will be available for Fall 2018, with an additional 300 apartments completed later in 2018.

The Edge

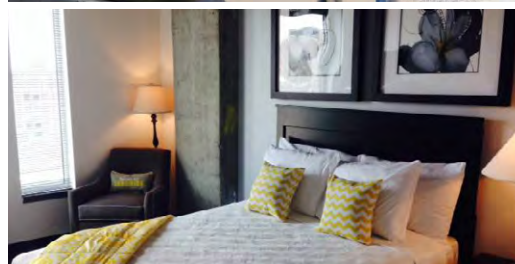

The Edge is the perfect base for your student adventures. Enjoy one of the comedy showcases at the Temple Performing Arts Center, or head to the Student Center to listen to live music, snack on the free food and play a variety of games with classmates on a Friday night. When you need a change of scenery, jump on the bus to Fairmount Park to explore sprawling, green woodland trails, pose with the park's famous Rocky statue, and picnic in the sunshine with friends.

- Leadership development opportunities

Programs at Community College of Philadelphia

American Success

For international students who need additional academic and/or English support, American Success provides the supplemental preparation to ensure successful transfer to a US university.

American Success is a two-year college program where students earn an associate degree and prepare to transfer to a US university for their junior and senior years to complete a bachelor's degree. Students must be 16 years old at time of enrollment, and hold a high school diploma in order to apply for admission.

Honors

The Honors program is for international students with strong academic and English skills who want a supportive, challenging education experience similar to a traditional university. Start at Community College of Philadelphia in the Honors program and then transfer to a US university for the junior and senior years.

Programs Offered & Entry Guidelines

Program	Entry Guidelines		Pathway Components
	Academic Qualification	English Qualification*	
American Success	2.0+ GPA Equivalent	TOEFL iBT: <77 IELTS: <6.0 iTEP: <4.5 PTE: <49 Duolingo: <59	<div>AmericanSuccess</div> <div> <div>Intensive ESL</div> <div>0-3 TERMS</div> </div> <div> <div>Academic Courses</div> <div>2 YEARS</div> </div>
Honors	3.25+ GPA Equivalent	TOEFL iBT: 77+ (20+ writing) IELTS: 6.0+ (6.0+ in writing) iTEP: 4.5+ PTE: 49+ Duolingo: 59+	<div>Honors</div> <div>2 YEARS</div>

Age requirement: Students must be 16 years old at time of enrollment and hold a high school diploma in order to apply for Honors or American Success programs.

*Students applying for American Honors programs are strongly advised to provide an English language exam result aligning with the above floor scores when submitting their application. Contact your Admissions Officer for a complete list of English-proficiency exemptions.

**In accordance with college policy, all students with the exception of those with a TOEFL 77 (overall score) and 20 (writing score) or IELTS 6.0 (overall band) and 6.0 (writing band) or higher will be administered a placement test upon arrival to ensure proper placement.

Spokane Falls Community College collaborates with the Mukogawa Fort Wright Institute for students from Japan studying in the US

You are Here: Welcome to Spokane, Washington!

Founded in 1963, the Community Colleges of Spokane is comprised of two campuses, Spokane Community College and Spokane Falls Community College, just 6 miles/9.7 km (20 minutes) apart from each other.

Spokane, Washington is a thriving college town built along a roaring river and surrounded by lush, natural beauty. Ranked one of the safest cities in the US, Spokane offers plenty to do close to both campuses. Whitewater rafting, snowboarding, and biking the historic Centennial Trail are among many outdoor activities. Hike through nature preserves or go camping at one of the area's 76 lakes. Discover the city's great shopping and exciting nightlife filled with world-class restaurants, live music, and performing arts.

At Spokane Community College, you'll find it all from a student-managed floral shop and a restaurant run by students in the college's culinary arts program, to a student-operated automotive repair center and cosmetology center.

In Spokane Falls Community College's 70,000 square-foot Student Union Building, students enjoy the open, airy Falls Cafe, the College Store, and a television lounge. The recreation center houses table tennis, billiards, and a game room.

Mission: To develop human potential through quality, relevant and affordable learning opportunities that result in improved social and economic well-being for our students and our state.

Vision: Community Colleges of Spokane transforms lives and uplifts humanity, inspiring students to lead communities, build the nation, and enrich the world.

Values: Excellence. Access. Achievement. Stewardship. Respect.

Community Colleges of Spokane

Things to Do: Attractions, Arts & Entertainment

Spokane has a bit of everything: try skiing or skating in the winter, then take a tube float down the river in the summer. There are biking trails, waterfalls, and plenty of parks for all to enjoy.

Spokane offers cosmopolitan entertainment with art events, concerts, and museums, plus the small-town benefits of reliable transportation, clean air, and community events. Enjoy dinner downtown, then catch a comedy show or a performance at the Spokane Symphony. Once you've explored Spokane, go visit Seattle, Portland, or even Canada as a weekend trip!

Community Colleges of Spokane

Meet the Team

Senior Director—Anna Rost Watson

Anna Rost Watson is the Senior Director for American Success and American Honors supporting programs in Indiana, Washington and Michigan. She has worked with American Success and American Honors for four years. She also has a worked with high school and college students for 10 years. Prior experience includes serving as a teacher and staff member for Teach For America. Anna holds a BS in Communications from the University of Illinois and an MPA from SPEA at IUPUI.

Associate Program Director—Sam Rima

Sam's work with international students and teaching on five continents has allowed him to experience the transformational power of international education and travel, which has cultivated a passion to help students experience similar life-changing benefits.

International Student Advisor—Liliya Ambartsumyan

Liliya's career in higher education began at the University of Michigan, where she served the international student community as a teacher and services coordinator. More recently she was an Admissions Advisor at her alma mater, Eastern Washington University, where she had earned her Bachelor of Arts degree in International Affairs. Liliya has traveled extensively within the United States and abroad. Her interest in international learning stems from her fluency in three languages.

International Student Coordinator—Kendall Bancroft

Born and raised in Spokane, Washington, Kendall is very familiar with the amazing things the city and surrounding areas have to offer. Kendall's degree in International Studies and her experiences studying abroad in Spain and working for the University of Idaho's Education Abroad office drew her into the field of international education. She hopes to help others have positive and life-changing experiences similar to her own.

Where to Go: Campus Facilities

Dining Options

SCC's Bigfoot Bistro and Coffee shop is a great place to relax, study, or just hang out with friends. Hungry for a quick snack or lunch? Choose from the fresh-made *Simply to Go* deli sandwiches, assorted snacks, or fresh baked pastries.

At SFCC, check out the Cafe at the Falls. Choose from daily specials on the grill, fresh salads, or daily-made pizza, just to name a few.

Performing Arts

The SCC Players present a combination of performances, courses, and activities to Spokane Community College and to the Spokane community. Incorporating SCC students as actors, crew members, and filmmakers helps to enrich the students' experiences and provide an avenue of expression, interpretation, and overall personal enrichment.

The SFCC Fine Arts Gallery provides an educational experience to students and the Spokane community by featuring exhibitions from regional, national, and international artists working in a variety of media. All exhibitions and lectures are free and open to the public.

What to Wear

The climate in Spokane is dry and warm in the summer and cold and wet in the winter. Students and faculty dress casually at the Community Colleges of Spokane. A typical winter outfit might be jeans, boots, and a sweater; in the summer, when the weather is warm, many students wear shorts and sandals to class. A fleece jacket for fall and spring is a good item to have over the course of the year.

Community Colleges of Spokane

Health & Wellness

The Student Health Clinic is open to all currently enrolled SCC and SFCC students. The walk-in clinic provides limited health care services by Washington State-licensed nurse practitioners (ARNPs). Services include diagnosis and management of minor illness and injury, interval management of stable chronic illness, simple diagnostic testing, clearance for return to school or work, TB testing, health promotion services and referral, and physical exams required by educational programs and the Department of Transportation. Most services are provided at no cost to students.

Safety & Security

At the Community Colleges of Spokane, campus safety is a top priority. The staff strive to provide an atmosphere that is safe, friendly, and positive for students, faculty, and guests. The Office of Campus Safety oversees the following areas: Security, Emergency Management, and Parking Services.

Getting Around: Transportation Services

It's easy to get around town and visit nearby areas. Catch the bus or a train to take in the scenery and get to know your surroundings.

Age requirement: Students must be 17 years old at time of enrollment and hold a high school diploma in order to apply for admission to the American Honors or American Success programs. Students must be 16 years old upon arrival in the US for the High School Completion programs.

*Students applying for American Honors programs are strongly advised to provide an English language exam result aligning with the above floor scores when submitting their application. Contact your Admissions Officer for a complete list of English-proficiency exemptions.

**Please note that 2.5 years is an estimate and is contingent upon the student's placement scores, major selection, and successful completion of credits required for the high school diploma and associates degree. Students interested in humanities and social sciences are most likely to finish within 2-2.5 years. Longer program completion might occur for students interested in STEM, Economics, or Business Disciplines.

Central Campus

1033 Springfield Avenue
Cranford, NJ 07016-1599

www.ucc.edu

**Located just 30 minutes from
New York City via train**

**Offers more than 60 programs
on four campuses with students
from 83 countries**

You are Here: Welcome to the New York City area

Located in the New York metropolitan area, the American Success and American Honors programs at Union County College provide students with a range of opportunities given its close proximity to New York and safe, collegiate, suburban setting.

Union County College is an accredited, co-educational, two-year college located in Union County, New Jersey. As the first and oldest of New Jersey's 2-year colleges, Union County College has been serving both career-minded and transfer-oriented students since 1933. The College is accredited by the Middle States Commission on Higher Education and offers more than 60 programs with degrees in Associate in Arts, Associate in Science, and Associate in Applied Science.

Mission: Union County College—Transforming Our Community One Student at a Time

Vision: Union County College, with its focus on student success, will be recognized as a national leader within the higher education community in providing quality education.

Values: Student Success, Excellence, Student Engagement, Collaboration, Integrity, Stewardship, Community Engagement, Diversity, and Globalization

Things to Do: Attractions, Arts & Entertainment

New Jersey is the "Garden State" and throughout the year you can visit farms and farmers markets to pick fresh fruits and vegetables.

Beaches: Visit the "Jersey Shore"! The closest beach on the Atlantic Ocean is less than 45 minutes from campus.

New York City: Enjoy Broadway shows, museums, Central Park, shopping, or just walking around—less than a one-hour train ride.

Philadelphia: Explore the "City of Brotherly Love," eat an original Philly Cheesesteak, and have fun at Six Flags Great Adventure.

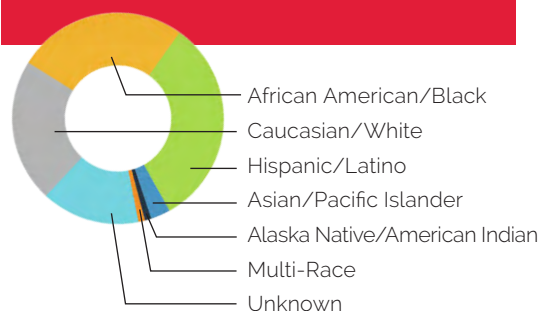

12,000+ Total Students

Academics & Faculty

What to Study: Majors and Academic Programs

Choose a direction for a successful future with the variety of academic programs available. Complete an associate degree, prepare for transfer to a university, or boost your current skills.

Popular majors include:

- Biology
- Business
- Chemistry
- Communications
- Education
- Engineering
- Engineering/Sustainability Science
- Fine Arts
- Liberal Arts
- Math
- Mathematics/Cyber Security
- Psychology
- Sociology

FACULTY STATS

Full-time Faculty **27%**

Full-time Staff **73%**

Student Faculty Ratio **26:1**

American Honors courses are taught by full-time faculty only

Meet the Team

Senior Director—Alyson Krawchuk

Alyson Krawchuk is the Senior Program Director for American Honors and American Success programs, overseeing schools and staff in Pennsylvania, New Jersey, and Texas, where her main focus is empowering her teams to put students first every day to ensure their big dreams become reality. She holds degrees from Western Kentucky University and Penn State University.

Assistant Director to the Program—Nick Geremia

Nick's academic journey started by attending a local community college as a non-traditional business student. However, his experiences in community college caused him to re-assess his original path, and with nearly 60 business credits attained, he changed his major to History & Education just one semester prior to transferring to Rutgers.

While at Rutgers, Nick focused his historical studies on the history of the American frontier, while his pedagogical studies focused on diversity in the classroom: how race, gender, orientation and other variables affect the design and implementation of curricula in the classroom. In addition to these studies, Nick was also a copy editor for the Rutgers University World Affairs Review (RUWAR), and a full-time member of the Rutgers United Musicians Guild.

Nick's experiences at both a two-year and four-year school have provided him with the insight to help American Success and American Honors' students push themselves toward higher goals and greater achievements in their own academic pursuits!

Advisor—Courteney Palis

Courteney is a native of New Jersey and has always been interested in working with students of all ages. As an undergraduate at New York University, she studied journalism, environmental studies, and creative writing while working as a team leader for Jumpstart, an AmeriCorps program promoting language, literacy, and social-emotional skills in preschool-aged children. Since then she has written for a number of print and online publications, received an MFA in fiction from Sarah Lawrence College, taught writing at SUNY Purchase College, and worked for CityScience, a nonprofit in Brooklyn promoting STEM education. She uses her experience from these various fields with her students to encourage them to explore and find new, exciting paths to their big dreams.

Accredited by The Middle States Commission on Higher Education. Union County College does not discriminate and prohibits discrimination, as required by state and/or federal law, in all programs and activities, including employment and access to its career and technical programs. If you or someone attending with you has a disability and is in need of special accommodations, please contact the Coordinator of Services for Students with Disabilities at (908) 709-7164.

Where to Go: Campus Facilities

Campus Facilities

There are eight major buildings on the Cranford Campus:

1. Kenneth Campbell MacKay Library that includes the Academic Learning Center, Center for Fine Arts, and Communications.
2. Humanities Building
3. Science Building
4. Nomahegan Building
5. The Campus Center with the Roy W. Smith Theater, dining, gymnasium, Fitness Center, Executive Education (teleconferencing) Center, other facilities for student activities, and bookstore.
6. James R. MacDonald Hall, which contains administrative offices
7. The William Miller Sperry Observatory, which houses 24-inch reflector and 10-inch refractor telescopes, a lecture room, optical shop, computer center, and an astronomy library.
8. Student Development that includes financial aid, international office, registration, advising, and bursar.

What to Wear

Depending on the weather, the dress is casual. New Jersey has all types of weather: rain, sunshine, and snow, so pack an umbrella, boots, a coat and gloves! Some professors will ask students to dress professionally for presentations and special ceremonies.

Safety & Security

Union County College is a friendly and safe campus. Campus Security is always visible and supportive. It is important to them to get to know the students so that if there is a problem or a concern, their office is the first place a student will go.

Cranford, NJ and the surrounding towns in Union County are small communities where everyone looks out for each other. It is always important to lock your doors and your car at all times and lock away your belongings (backpack, computer, phone). Be aware of your surroundings, and if traveling to NYC, it is best to go with a friend.

Getting Around: Transportation Services

It's easy to get around town and visit nearby areas. Catch the bus or a train to take in the scenery and get to know your surroundings.

NJ Transit rail: Train system that goes between towns, to Newark airport and New York City

NJ Transit bus: Bus #59 is direct route to campus

Amtrak Station: Newark Penn Station
1 Raymond Plaza W & Market Street, Newark, NJ 07102

Union County College Activities & Athletics

Join the Club: Clubs & Organizations

There are many clubs and organizations at Union County College to meet the needs and interests of students. Over 40 student run clubs include:

Academic Clubs

- Biology Club
- Business Association
- Criminal Justice Club
- Education Club
- History Club
- Math Club

Athletic Clubs

- Mixed Martial Arts Club
- Tennis Club
- Volleyball Club

"My dreams still scare me, but with American Honors I've realized that the dreams that scare you are the ones that you should pursue."

American Honors alumni

Programs at Union County College

American Success

American Success is for international students who want extra advising support and resources to succeed in a US classroom and become competitive transfer applicants to four-year US universities.

At Union County College in the American Success program you'll get: academic success and robust support, leadership & professional development, an engaged community, and transfer support.

American Honors

The American Honors program is for international students with strong academic and English skills who want a supportive, challenging education experience similar to a traditional university. Start at Union County College in the American Honors program and then transfer to a top US university for their junior and senior years.

At Union County College in the American Honors program, students benefit from: Honors-level academics, access to a transfer network of US universities, Honors advisor, leadership & professional development seminars, and an Honors community integrated with domestic and international students.

Application Process and Timeline

Application

Documents Needed for the Application:

- + Transcripts translated into English
- + Brief personal statement
- + English-language proficiency score
(If students have not taken an English language proficiency test, students will apply for American Success).

*If a student's application is incomplete at the time of submission, it will take more time to process. Additionally, there may be delays in processing due to national holidays and key times when the 2-year college is closed. Students will receive a notification from their Admission Officer in the event of a delay.

Enrollment Process and Timeline

Obtain and Process I-20

~15 business days for processing & shipment

The Admissions Officer will inform the student of the specific documents needed to process and obtain an **I-20 form**, that will be issued by the 2-year college.

Additionally, students will need to **submit payment** for some college-specific fees.

Once all documentation is received to process the I-20, students will receive a **SEVIS number** and an **I-20 tracking number** from the Admissions Officer.

Students will use the SEVIS number to schedule and confirm a **visa appointment**.

Complete Enrollment Steps

From I-20 issuance to arrival on campus

The Admissions Officer will provide the student with detailed **pre-arrival instructions** that will guide them through the process of obtaining a US visa, securing housing, traveling to the US, and an overview of what to expect upon arrival.

An Admissions Officer will assist with:

- Visa Process & Steps
- Housing Application & Placement
- Travel Organization & Pick-up Services
- Packing Guidance
- Required Documentation
- College-Specific Placement Tests
- Special Orientation Programming

Enrollment

Documents Needed for I-20 Processing & Enrollment:

- + Bank statement
- + College enrollment form
- + Passport copy
- + Signed Intent to Enroll form
- + Others (Varies by school. See summary chart on pages 90-91).

Tuition Payment Policies & Instructions

Community College of Philadelphia

Students are issued a statement/bill immediately following course registration. Payment is due within 24 hours of registration and students may pay their bill using the following methods:

-  **Online:** Online via student's online account.
-  **International Wire Transfer:** CCP uses Flywire for international bank wire transfers. Please contact the International Student Services Office for information.
-  **In Person:** Proceed to the Cashier's Office on campus and pay with credit/debit card, check or cash.

Community Colleges of Spokane

Students are issued a statement/bill immediately following course registration. Payment is due within 24 hours of course registration and students may pay their bill using the following methods:

-  **Online:** Online via the college's online student account portal.
-  **International Wire Transfer:** Contact the Cashier's Office in advance of arriving in the US in order to obtain further instructions.
-  **In Person:** Proceed to the Cashier's Office on campus and pay with credit/debit card, check or cash.

Union County College

Students are issued a statement/bill immediately following course registration. Payment is due by the posted payment deadline. If a student registers after the deadline, payment is due at the time of registration. Students may pay their bill using the following methods:

-  **Online:** Online via student's online account.
-  **International Wire Transfer:** Contact the Cashier's Office in advance of arriving in the US in order to obtain further instructions.
-  **In Person:** Proceed to the Cashier's Office on campus and pay with credit/debit card, check or cash.
